

## **PAYMENTS TO MIGRANT RESOURCE CENTRES FOR 1997-98**

Migrant Resource Centres (MRCs) provide advice, referral and counselling services to migrants, refugees and humanitarian entrants, serve as a base for ethnic communities' educational, cultural and social activities, act as a catalyst for development of community awareness of settlement needs and facilitate the development of appropriate services.

Total funding provided to MRCs for 1997-98 include payments for the humanitarian worker positions for one quarter from the Integrated Humanitarian Settlement Strategy (IHSS), resulting in slightly different total payments to MRCs than what was reported earlier. Cairns MRC funding was terminated during 1997-98.
