# DEPARTMENT OF IMMIGRATION AND CITIZENSHIP

## Section 1: Overview

The department's purpose statement is *enriching Australia through the well-managed entry and settlement of people.*

### **Outcome 1**

The department's first outcome is *contributing to Australia's society and its economic advancement through the lawful and orderly entry and stay of people.* Activities under this outcome include the delivery of the annual Migration and Humanitarian Programmes, temporary business entry, students, visitor programmes, border security and identity services, with a high level of integrity. Crucial to the integrity of the programmes is the lawfulness of individual decisions, which are underpinned by the availability, where appropriate, of independent review to be delivered by the MRT-RRT.

### **Outcome 2**

The department's second outcome is to contribute to *a society which values Australian citizenship, appreciates cultural diversity and enables migrants to participate equitably.* Activities under this outcome include the provision of settlement services, including adult English language tuition and translating and interpreting services; implementation of the government's multicultural policy; the promotion of the value of Australian citizenship; decisions on applications for citizenship and on citizenship status; and promotion of the benefits of a united and diverse Australian society through implementation of the government's cultural diversity policy and programmes.

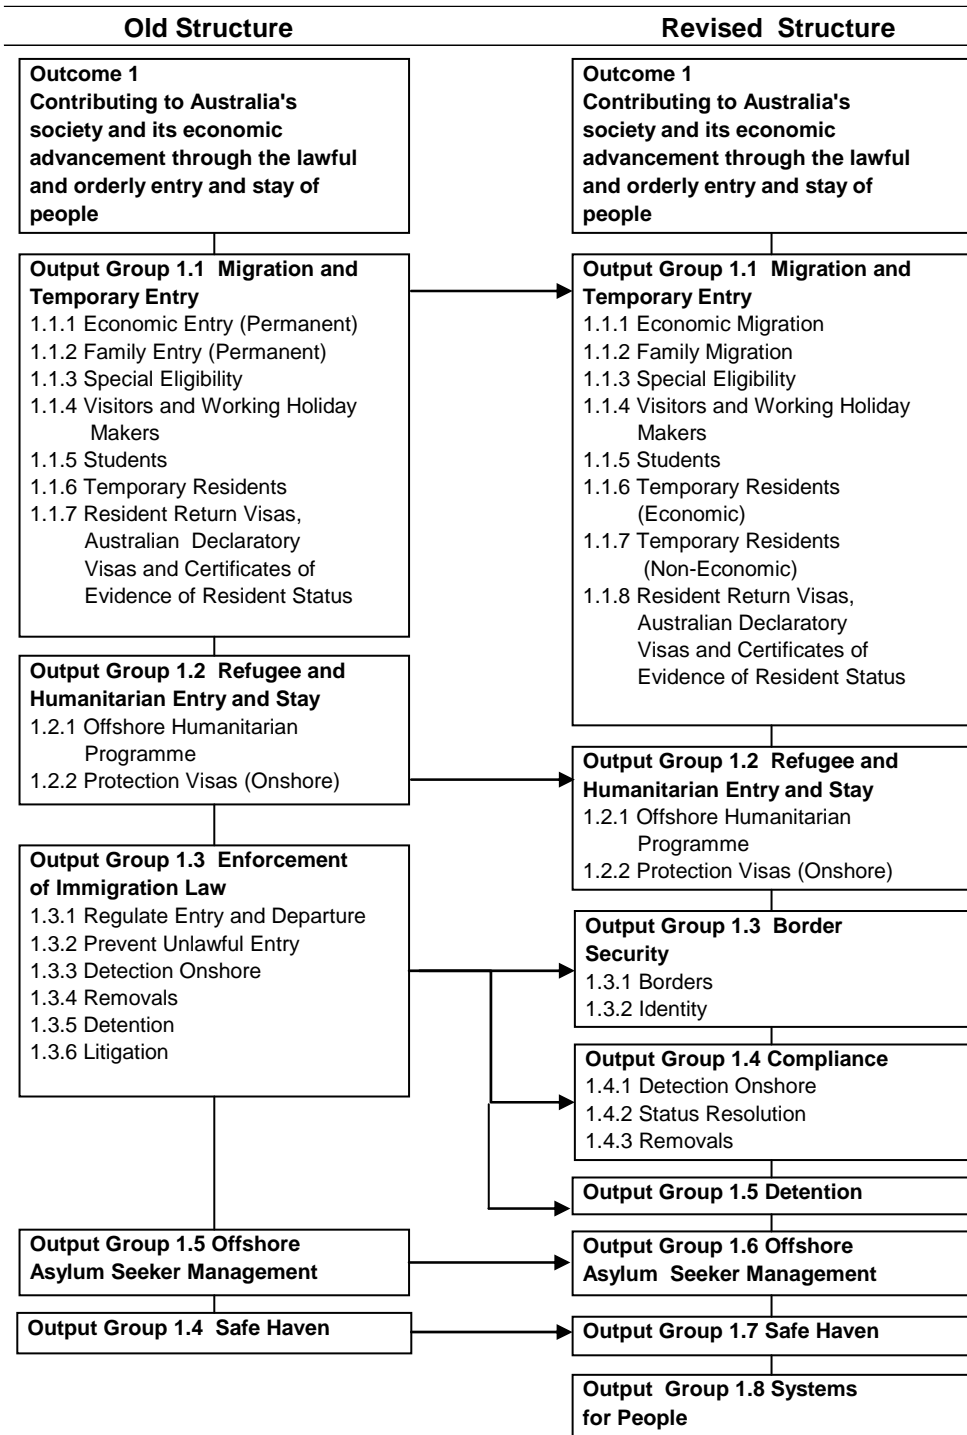

## **1.1 SUMMARY OF AGENCY CONTRIBUTIONS TO OUTCOMES**

### **New Outcomes and Output Structure**

Following a recent review of the DIAC outcomes and outputs framework, a revised structure of outputs will be introduced from 1 July 2007. The following table (Table 1.1) outlines the changes for both departmental outcomes by comparison with the previous structure.

More specific information regarding each output group, and the DIAC products and services which contribute to the achievement of the outcomes, are detailed in Section 3 of this document.
