### 100% eHealth arrangements

From 28 November 2011, if you are completing your health examinations at a panel clinic in one of the following countries you **must** complete your health examinations electronically, using eHealth, unless **one of the following applies**:

- you are given an 'eHealth exemption letter' from the Department of Immigration and Citizenship (to be provided to the panel clinic)
- you intend to apply for a Subclass 457, 856 or 857 visa.

Further information about 100% eHealth arrangements is available.
