## General Skilled Migration

(Bonus points for capital investment in Australia)

### How to complete this form

There are 3 parts to this form.

**Part A** is completed by the Adelaide Skilled Processing Centre (ASPC).

**Part B** is completed by you.

**Part C** is completed by the State/Territory agency in which you have made your investment.

### Part A – Authorisation

You should complete and sign **Part B** of this form only if **Part A** has been completed by the Department of Immigration and Citizenship (the department) office processing your application for General Skilled Migration to Australia.

### Part B – Declaration

You should read the information on the department’s website at [www.immi.gov.au/skilled/](http://www.immi.gov.au/skilled/) before completing this form. After selecting a designated security, send this form to the State/Territory agency in which you intend to make your investment – along with any investment application forms issued by that agency. Contact details of participating State/Territory agencies offering designated securities are provided on the department’s website.

**Note:** It is important to be aware that you can invest only in **one** of the available designated securities. You are **not** required to invest in the State or Territory where you intend to live. The investment must be in your name – not that of a friend or relative.

### Part C – Confirmation of investment

Part C of this form will be completed by the State/Territory agency in which you have made your investment. **That agency will return the completed form directly to the ASPC.** Once the ASPC receives the form, you can be awarded bonus points for capital investment under the General Skilled Migration points test.

Your investment will become effective and interest will commence only on receipt of your funds by the agency.

### Taxation obligations

Income you earn from your investment in Australia will be subject to tax under Australian tax law. The **Australian Taxation Office (ATO)** has advised that income earned in Australia by a non-resident is subject to 10% withholding tax which will be automatically deducted from the interest earned on your designated security until such time as you provide an Australian tax file number and evidence of your resident status.

**The ATO strongly advises people arriving in Australia for the first time as permanent residents to apply for a tax file number. For more information see [www.ato.gov.au](http://www.ato.gov.au)**

The information provided in this form on the range of designated securities and associated taxation matters was understood to be correct at the time of printing.

The Commonwealth of Australia does not approve or endorse the securities listed on the department’s website or provide advice on their performance. You should not rely on any information or advice received from the Commonwealth for the purpose of making an investment decision. It is your responsibility to obtain relevant investment information from participating State/Territory agencies when selecting a designated security. The Commonwealth will not accept any liability whatsoever, whether for negligence or otherwise, for any loss you may suffer as a result of making an investment.
