New Zealand Citizen Family Relationship (Temporary) Visa (Subclass 461)

Application Document Checklist

This application document checklist details the information and supporting documents (personal, health and character) required to assist with the lodgement of a complete application with the department. You may also need to provide additional information and documentation after you have made your application if the department requires it.

More information about this visa is available.

See: [About this Visa](#)

Original documents should not be provided unless requested. Please provide 'certified copies' of original documentation. Documents not in English must be accompanied by accredited English translations.

You should ensure that you lodge a completed visa application. While the department may ask you to provide more information in order to determine whether you meet the criteria for grant of the visa, a decision on the visa application may be made solely on the information provided at the time of application.

Note: The Visa Application Charge will not be refunded if a decision is made to refuse to grant the visa because the applicant did not satisfy the criteria for grant of the visa.

More information to help you prepare your application is available.

See: [Information to help prepare your application](#)

Application requirements differ from one country to another. If you are applying outside Australia, you should contact your nearest departmental office and check exactly how to submit your application and what documents to provide.

See: [Immigration Offices Outside Australia](#)

After completing this checklist, please attach it to the front of the application.
