**Subclass 422 – Medical Practitioner (Temporary) Visa
Visa Application Checklist**

This checklist is designed to assist you in submitting a complete application which will help to minimise processing times. Please ensure the documents you submit cover your particular circumstances.

The onus is on the applicant to provide a complete application. The department is not required to request additional information and may make a decision based solely on the information provided in your application.

Important: Do not provide original documents unless requested. You should provide ‘certified copies’ of original documentation.

Documents in languages other than English must be accompanied by an English translation completed by a professional translator. In Australia this is a translator who is accredited by the National Accreditation Authority for Translators and Interpreters. Information on how to obtain translations is available from any office of the Department.

Applications can be lodged by submitting a completed paper application to one of the three centres of excellence.

See: [Centres of Excellence](#)

After completing this checklist, please attach it to the front of your visa application.

Note: Giving false or misleading information is a serious offence.
