Retirement Visa (Subclass 410)

Application Document Checklist

Only current 410 holders are eligible for a further 410 visa. Some previous holders **may** be eligible for renewal and should contact the Retirement visa section for further information.

More information about this visa is available.

See: [About this Visa](#)

You should ensure that you lodge a completed visa application. While the department may ask you to provide more information in order to determine whether you meet the criteria for grant of the visa, a decision on the visa application may be made solely on the information provided at the time of application.

Note: The Visa Application Charge will not be refunded if a decision is made to refuse to grant the visa because the applicant did not satisfy the criteria for grant of the visa.

Important: Do not provide original documents unless requested. You should provide 'certified copies' of original documentation. Documents not in English must be accompanied by accredited English translations.

Complete applications are likely to be processed more quickly. Incomplete applications may be delayed.

After completing this checklist, please attach it to the front of your application.
